VENEER / LAMINATE COLLECTION 7990

Traditional Styling - Decorative wood accent mouldings, recessed modesty panels, and decorative, plated brass, swinging bail hardware come together to create a rich traditional look.

Top surfaces are detailed with decorative cherry inlay veneer and walnut banding with a UV finish.

Construction - The Keswick Collection consists of wood, wood veneers and wood materials featuring solid wood bases, shaped mouldings and pilasters with an English Cherry finish. Tops are constructed of wood and veneer materials or HPL tops. Veneer tops feature decorative inlaid cherry veneers bordered by a walnut banding. A UV finish provides protection against discoloration from sunlight. HPL tops are straight grained. Cases feature mortise and tenon construction with wood cleats, glue, screws, staples and threaded inserts with bolts. Drawers are constructed with solid wood sides and backs, veneer fronts with veneer edgebands and three-ply veneer bottoms. Drawer interiors are stained and sealed and showcase dovetail construction.

Keswick is the majestic leader in traditional office environments. An impeccable English Cherry finish on cherry veneer with veneer tops and/or HPL tops and refined styling in solid wood pilasters and mouldings offer unmatched luxury. Desks feature felt-lined center and top drawers and central locking. Pull-out writing shelves offer extra work area at your fingertips.

Function - All drawers are suspended on fully extending, metal, ball-bearing slides allowing easy access to the entire drawer. Box drawers have a 100 lb. load bearing rating. File drawers have a 150 lb. load bearing rating and are equipped with metal rods to accommodate front-to-back letter or side-to-side legal sized hanging file folders.

Computer applicable furniture feature grommets or other openings that facilitate neat and easy management of computer cables.

Desks, credenzas, and returns include convenient pull-out writing boards for an expanded work surface.
